

CREATIVE SAMFORD INC

WELCOME TO THE JUNE 2020 NEWSLETTER

It is June already and this weekend would have been the opening of the 2020 Trails. The committee have been keeping in touch regularly and meeting via Zoom which works well. The committee decided to run a Digital Trails to allow those members who would have been involved at least a presence on our CSI Facebook which can be shared far and wide.

A big thank you to Rachael our web manager for putting up the images and Marie-Ann for arranging interviews and other media profiles. The idea is to put a face and extra information to the profile which would have been in the Trails booklet.

If you want to be involved contact admin@creativesamford.com to arrange an interview or you could get someone to do your video and send it in or let me know if you are doing a photo and information format. **Please send your information as soon as possible.**

I may be able to fit quite a few in. We will do these profiles over the month of June.

Our CSI community Facebook is up and running so don't forget this is for our members to post to. Information about your work, other groups or workshops etc. is welcome.

Thank you to Leona who is working on the paperwork for the 2021 Trails as we need to get these out earlier. We need a co-ordinator before the Trails can go ahead. From a survey just sent to members we have 36 expressions of interest to be involved and 3 declined so the interest is certainly there so the support is certainly there for 2021!

WELCOME TO SAMFORD COMMUNITY LIBRARY

The library has been made an honorary member of our group as we have free use of the spaces there for our meetings.

The library is run by a committee and lots of volunteers. Recently Lucie, Di Hodge and Marie-Ann helped sort out lots of boxes of art books and also the craft section. There is quite a large collection in this section. The library has a least 20,000 books and you can join as a member.

The opening hours are Wednesday 1-4.30pm and Saturdays 9am to 4pm. If anyone can help out they would welcome you. They even have free tea and coffee for the workers.

It is located at 23 Richards Rd, Wights Mountain. Email:info@communitylibrarysamford.org. Linda Murray is the secretary.

We send our get well wishes to Deb Pettigrew who was to open her Good Egg Gallery this weekend but due to an injury it will be put off to later.

Many of our members are running their classes online as a result of the lockdown so we wish you well with them.

The Samford Art and Craft Associations Slab Hut has remained closed but during the lockdown they are completely refurbishing the inside and when they do reopen it will be according to the COVID health guide lines. It will be exciting to see the new interior. Thank you to Wendy Sonnenburg for all your hard work.

The Museum of Brisbane is an interesting site with lots of new things to see and do.

A lot of the galleries have virtual tours which are worth looking at.

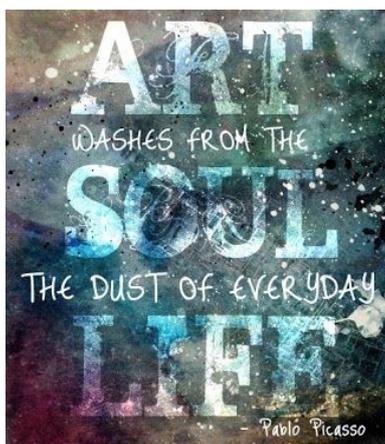

Phillip Bacon gallery has reopened with the current restrictions. He has a wonderful stable of Australian artists.

If you have any information on your workshops or anything else please send it to admin for the next newsletter or for an email sendout.

Take care; stay safe and warm and hopefully we will meet again face to face soon.'

Cheers

Marie-Ann for the committee.

COMMITTEE

President: Lucie Verhelst Treasurer: Leona Reif Secretary: Marie-Ann Coyle

Committee members: Karen Hannay, Amanda Gardner, Dianne Hodge.
